

FINN-POWER

P20 CS • P32 CS

CRIMPING MACHINES
FOR SERVICING AND
REPAIR WORK
MAX. FITTING SIZE 1½" and 2"

Finn-Power P20 CS and P32 CS are ideal choices for service vehicles. These reliable Finn-Power crimping machines are perfect when a variety of sizes and types of fittings need to be crimped in situations where electric network is not available. These machines produce very efficient and accurate crimping results. The necessary operating force is supplied by a 12 V vehicle type battery. Both P20 CS and P32 CS models can also be supplied in a 24 V version.

P32 CS

For Finn-Power P32 CS crimping machine the maximum hose size is 2" and the machine can be equipped with seventeen standard die sets.

P20 CS

Finn-Power's P20 CS accommodate hose fittings up to 1½" and can be equipped with twelve standard die sets.

What makes Finn-Power P20 CS and P32 CS service machines unique?

- * Top-rated Quick Change System
- * Compact size
- * Ergonomic design
- * High-quality precision control device
- * Impressively high crimping force
- * Flexible crimping position for both right- and left-handed operators
- * Ease of use
